WEDDINGS

# QUESTIONNAIRE

---

We have put together a questionnaire for you that will help us to find out the story behind your wedding. If you wish to send this on a word document or even in the body of an email, rather than completing this questionnaire, we would welcome it with open arms. Write with the heart; don't worry too much about style, as we will help to bring everything together for you.

We now need to know about the most important suppliers – your photographer and videographer that captured your day to leave a memory that will last a lifetime. This information is vital, as it is highly likely that your photographer or videographer own the rights to your images. Of course we want to celebrate their work, reference them throughout our site and use them for our future weddings.

## YOUR STORY

We would like to get your thoughts, findings, decisions and reasons as to why you chose the following parts of your day. Share your struggles, your loves, all of your planning process and special moments on the day. The more we know about your story, the better the feature will capture your special day.

1. Tell us about the story behind your venue search and why you chose to get married there?

2. What was your colour scheme and why did you choose to use those colours?

3. Tell us all about your venue/marquee décor and styling?

4. Would you say your wedding was vintage, contemporary, traditional or something else?

5. Why did you choose your flowers and where did the inspiration for them come from? \*

\* Flowers include bouquets, buttonholes, table centrepieces, large or small display arrangements

---

We want to continue to get to know your wedding story, through asking you lots of different questions about your planning process and on the day itself. Don't worry about the answers; we just want you to write from the heart. If you think a section isn't relevant just leave it blank.

6. Tell us all about your dress and accessory choosing story

7. Tell us all about the selections for the grooms attire including accessories

8. What type of ceremony did you have? Did you get married in a religious building?

9. Tell us all about the story of finding your photographer

10. Tell us about the story of finding your videographer

11. How did you select the food for your wedding?

12. Tell us about your table plan and how did you think to do it that way. Was it hard?

13. What entertainment did you choose and why?

\*Entertainment includes a band, DJ, any form of on the day musician, magician etc.
